#### AGENDA COMMON COUNCIL MEETING TUESDAY, JULY 18, 2017 7:00 PM

#### COUNCIL CHAMBERS, BERLIN CITY HALL, 2ND FLOOR MEETING IS OPEN TO THE PUBLIC & CITY HALL IS HANDICAPPED ACCESSIBLE

- 1. Call to order/Roll Call
- 2. General Public Comments. Registration card required (located at podium in Council Chamber).

<u>CONSENT AGENDA</u>: The Consent Agenda contains items which staff considers to be routine and have already been discussed and recommended by a committee, board or commission at a previous meeting. Staff recommends that Council act on all of these items on a single roll call vote. If any member of Council wishes to have any item removed from the Consent Agenda and discussed, the Council member may request that item be removed from the Consent Agenda prior to the adoption.

- 3. Waive the reading of ordinances and resolutions. <u>RECOMMENDATION</u>: Waive the reading of all ordinances and resolutions adopted at this meeting.
- 4. Written reports from the City Clerk, Treasurer, and Building Inspector.

  <u>RECOMMENDATION</u>: Receive and place on file the written reports from the City Clerk, Treasurer, and Building Inspector.
- 5. Minutes from the June 13, 2017, Common Council Meeting. <u>RECOMMENDATION</u>: Approve the minutes.
- 6. Procurement Protest Procedures Policy. <u>RECOMMENDATION</u>: Accept the Committee of the Whole recommendation to approve and adopt the Procurement Protest Procedures Policy as presented and update the City of Berlin Financial Policy Bidding Procedures to reflect changes.
- 7. Safety Management Policy. <u>RECOMMENDATION</u>: Accept the Committee of the Whole recommendation to approve the Safety Management Policy as presented.
- 8. Shared-Ride Taxi Service Disruptive Behavior/Direct Threat Policy.

  <u>RECOMMENDATION</u>: Accept the Committee of the Whole recommendation to approve and adopt the Shared-Ride Taxi Service Disruptive Behavior/Direct Threat Policy and require shared-ride taxi service contractor to follow.
- 9. Shared-Ride Taxi Service Suspension Appeals Process: <u>RECOMMENDATION:</u> Accept the Committee of the Whole recommendation to approve and adopt the Shared-Ride Service Suspension Appeals Process and require shared-ride taxi service contractor to follow.

10. Bills List. RECOMMENDATION: Approve the list of bills for payment.

#### END OF CONSENT AGENDA

- 11. P&L Insurance Renewal. <u>RECOMMENDATION</u>: Accept the Property & Liability insurance renewal from EMC Insurance for Jul 23, 2017-July 23, 2018.
- 12. Vehicle Maintenance Policy. <u>RECOMMENDATION:</u> Review and approve and adopt the Vehicle Maintenance Policy.
- 13. Discuss Potential Raze or Repair Order for 399 Lafayette Street. <u>RECOMMENDATION:</u> Discuss and action as appropriate.
- 14. License Applications- Bartender License for Amy Beth Procino, Linda M. Quinonez, Valeria Basurto, Daniel L. Parker, and Colleen Amanda Colburn (approved by the PD). <u>RECOMMENDATION:</u> Grant or deny the licenses.
- 15. Old Business (To be used to request items of old business be put on a future agenda for further discussion or action; or used to make a motion for reconsideration of an item from the current meeting or immediately previous meeting; or to make a motion to take items off the table which were laid on the table only during the current meeting.)
- 16. New Business (To be used to request items of new business be put on a future agenda)
- 17. Public Appearances.
- 18. Motion to convene into closed session pursuant to WISS. 19.85(1)(e) for purpose of deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session (Negotiation of Ambulance Agreements with ThedaCare-CHN).
- 19. Reconvene into open session and take appropriate action as a result of closed session discussions.
- 20. Adjourn.

Note: In adherence to the City of Berlin Public Meeting Participation Policy, public participation will be allowed under each agenda item at the discretion of the presiding officer, with the exception of the Consent Agenda. Attendees must register their intention to participate on either a general comments section or a specific agenda item prior to the meeting by filling out a Registration Card, which can be obtained from the Internet, City Clerk's office or in the City Hall Council Chambers at the podium. Registration Cards should be turned in prior to the meeting to either the presiding officer or City Clerk.

RE: Property and Liability Insurance Renewal

BACKGROUND: Our annual property and liability insurance renewal is due 7/23/17. The City currently carries \$6 million in coverage through EMC Insurance with the Diedrich Agency here in Berlin. The 7/23/16-7/23/17 premium paid to EMC was \$169,218 with a 17% workman's comp dividend. EMC quoted a renewal for 7/23/17-7/23/18 at \$203,208 with a 17% flat Workman's Comp dividend. Our Workman's Compensation modification factor increased from a .72 to a 1.09, due to recent claims history. That was a big jump and created an automatic significant increase of \$32k (42%). The Workman's Compensation quoted line item premium is set by the state, so looking at other carriers will not do us any good. One other carrier showed interest in quoting, but as of today no quote has been received and they missed the due date.

Approximately 20% of the insurance bill is passed onto the Water and Sewer Utility.

My recommendation is to renew with EMC thru our local agent. We have been with EMC since 2006, and I have been very pleased with EMC's handling of our claims and am extremely satisfied with the service received from our local Diedrich Agency.

<u>RECOMMENDATION:</u> Recommend to Common Council to accept and approve the renewal quote of \$203,208 from EMC Insurance for Property and Liability Insurance for policy year 7/23/17–7/23/18.

RE: Vehicle Maintenance Plan

<u>BACKGROUND</u>: Attached is a draft of a Vehicle Maintenance Plan as required by the WisDOT for our taxi service. This draft is based off of a WisDOT template as well as samples from other municipalities and taxi services. It will need to be updated occasionally, especially as technology and vehicles change. I am waiting for the final ok from WisDOT to see if they want any further modifications. If they do, I will let you know at the meeting.

RECOMMENDATION: Approve and adopt the Vehicle Maintenance Plan.

Annendiy D	Driver's Report of a Collision Form

#### Maintenance Plan Goals and Objectives

This plan is intended to ensure all federal, state and local government fleet vehicles and equipment owned and/or operated by the City of Berlin fleet and shared-ride taxi transportation system are maintained in proper running condition, remain clean and are maintained to obtain peak efficiency and comply with all federal and state recommendations and requirements. The City of Berlin has the following goals for a maintenance plan and corresponding objectives to reach those goals.

- 1. Maintain a written and up-to-date maintenance program to ensure that all equipment and vehicles are properly maintained.
  - Objective: Update maintenance plan as needed when changes are made to vehicle inventory or equipment used in the City fleet or shared-ride taxi service
- 2. Maintain a maintenance plan that always meets the manufacturer's recommendations for maintenance of vehicles and equipment.
  - Objective: Modify or amend the plan as needed when vehicle inventory changes, new equipment is purchased, or manufacturer's change recommended service schedules.
  - Objective: Complete preventive maintenance and inspections at or before the manufacturer's prescribed interval. To use manufacturer's intervals for "urban" or "transit" use for oil changes.
  - Objective: Reduce the incidence of unscheduled repairs and extend the useful life of all vehicles and equipment by adhering to the preventive maintenance schedules suggested by the manufacturer
- 3. Maintain documentation that revenue vehicles, support vehicles, accessibility equipment and other equipment are adequately maintained.
  - Objective: Perform preventive maintenance according to an orderly schedule to reduce the possibility of exceeding maintenance intervals.
  - Objective: Designation of individual responsible for scheduling maintenance for the City fleet and shared-ride taxi system. That individual shall also be responsible for tracking maintenance when it is performed, and recording maintenance expenses for each vehicle.
- 4. Maintain an aggressive warranty recovery program to assure that the cost of defects is properly borne by the equipment manufacturer when appropriate and not by the City of Berlin, Shared-Ride Taxi provider, the Wisconsin Department of Transportation or the FTA.
  - Objective: Document all efforts regarding having the warranty cover the cost of repair.
  - Objective: Maintain a summary of all warranty claims submitted and paid.

- 5. Ensure that all vehicles owned and/or operated by the City of Berlin fleet and shared-ride taxi transportation system are properly maintained and FTA and WisDOT requirements are met.
  - Objective: Perform maintenance on all vehicles according to the appropriate schedule.
  - Objective: Maintain records of all maintenance performed, so that the vehicle owner may have access to maintenance records at all times.
  - Objective: City of Berlin and Shared-Ride Taxi provider will work cooperatively together to meet its obligations to WisDOT or the FTA.

#### Maintenance Plan Responsibilities

#### **Staff Responsibilities**

- 1. The manager is responsible for assuring that the vehicles are being serviced as outlined in this maintenance plan
- 2. Vehicle issues are to be reported by the driver to the supervisor and then the general manager
- 3. Documentation of repairs is the responsibility of the individual performing the maintenance (in house) or the individual picking up the vehicle (contracted service)
- 4. All documentation of maintenance or repair work shall be filed in the local office

#### **Pre-Trip & Post-Trip Inspections**

- 1. All drivers are responsible for performing a pre-trip inspection prior to the daily operation of the vehicle and performing post-trip inspections at the end of the day
- 2. All completed pre-trip inspection forms are to be filed in the local office
- 3. All vehicle problems are to be communicated by the driver to dispatch, and from dispatch to the manager as soon as they are noted

#### Preventive and Routine Maintenance

- 1. Preventive and routine maintenance shall be performed according to the schedule included in this document
- 2. All maintenance work shall be documented and filed by vehicle in the local office

#### **Warranty Claims**

- 1. The general manager is responsible for determining if a repair is eligible for coverage under the manufacturer's warranty
- 2. All warranty claims shall be pursued to the fullest extent possible
- 3. The dealership or repair facility is responsible for submitting warranty claims, not the taxi system
- 4. All warranty claim documents shall be filed by vehicle in the local office

NOTE: A 500 mile variance is permitted when scheduling routine maintenance and servicing if needed

### **Preventive Maintenance Schedule**

#### Daily:

> Clean vehicle interior, removing all items left in car by passengers

#### Monthly:

> Wash vehicle exterior. Note—this may be required more frequently during the winter to avoid salt build-up

#### Annually:

- > Flush cooling system and replace coolant
- > Service air conditioner to assure passenger comfort during summer months
- > Every Four Years:
- > Replace battery

#### Maintenance Per Mileage Intervals:

MILES	MAINTENANCE TO BE PERFORMED
3,000	Change oil and oil filter, lubricate chassis, check all lights for operation.
1	3,000 mile maintenance plus rotate tires. Inspect brakes and change pads and turn rotors if required.
1 2.000	3;000 mile maintenance plus inspect all belts and hoses. Adjust belt tension if needed inspect air filter and change if needed.
15,000	3,000 mile service plus inspect RCV valve and change if needed.
24,000	6:000 mile service plus change spark plugs (depending on manufacturer srecommendation), service automatic transmission wincluding replacement of transmission fluid and filter if manufacturer recommends.
48,000	Perform 24:000 mile service plus replace: EGR valve; clean EGR passage, ignition cables, distributor cap (if so equipped) rotor drive belts and vacuum operated emission system components.

#### Lift Maintenance Schedule

It is the policy of the City of Berlin and the Shared-Ride Taxi provider to regularly provide preventive maintenance to all wheelchair lifts in our vehicles. Lifts are cycled daily as part of the pre-trip inspection process. We follow the manufacturer's recommended maintenance schedule for our lifts. The recommended schedule is as follows:

#### Every 750 cycles:

- > Oil dual outer barrier and lower closure pivot points
- Oil outer barrier detent pin points
- Oil outer bather hinge pivot points
- Oil inner roll stop hinge pivot points
- Oil inner roll stop clevis link pivot points
- Oil lifting arm pivot points and rollers (bearings)
- > Inspect/repair outer barrier and lower closure to assure proper operation
- > Inspect outer barrier seal and lower closure gasket and secure or replace if needed
- > Inspect outer barrier detent pin hairpin cotter and repair if needed
- > Inspect lift for any abnormal wear or visible damage and repair as needed
- Inspect lift for rattles and correct as needed
- Check drive chain tension and adjust as needed
- Inspect roll stop and linkage for operation, securement, adjustment and wear and damage and secure, replace or correct as needed
- Check carriage ride height in housing and adjust as needed
- > Inspect wiring harnesses for wear or other damage and correct or replace as needed
- > Check lower pan securement and secure or replace if needed
- > Lubricate torque tube pivot points (4 places)
- Verify FMVSS 403/404 Certification Checklist

#### **Every 1500 Cycles**

- > Lubricate carriage roller bearings
- Lubricate Eccentric shaft roller bearings
- Lubricate rolling horizontal carriage arm slot area
- Lubricate hydraulic cylinder pivot points (4 per cylinder)
- Lubricate drive chain and chain rollers
- Apply synthetic grease to drive chain release latch mechanism
- Deploy lift, lower pan and blow out housing, using compressor and nozzle to remove all debris from housing. Clean lower pan slot and apply antisieze to slot; reinstall pan
- > Deploy lift, remove lower pan and clean housing tracks with clean cloth
- > Check drive chain tensioner, jam nuts and connecting link for alignment and repair and replace parts as needed
- Inspect drive chain release latch mechanism for proper operation securement and wear or other damage and replace damaged parts as needed
- > Inspect platform cable-activated manual release system and repair as needed

#### **Daily Vehicle Inspections**

A pre-trip inspection must be completed at the beginning of each day prior to each vehicle entering service. A post-trip inspection must be completed upon the vehicle being retired for the day. The below procedure is to be used in conjunction with the *Daily Pre-Trip Vehicle Inspection Report* and the *Daily Post-Trip Vehicle Inspection Report*. Once the inspections are completed daily, drivers are required to initial at the bottom of the day's column.

When changing drivers during the day, a vehicle should get a quick check, noting damage or defect.

Daily Pre-Trip and Post-Trip Inspection Report forms are turned into the Manager at end of week by the Driver. The Driver then receives blank forms to put back in the cab to start the new week with. These inspection documents stay with the vehicle until completed.

Any defects or vehicle deficiencies are to be recorded on the *Vehicle Repair Request* form and reported to the Manager.

#### SEE APPENDIX C FOR DAILY INSPECTION & VEHICLE REPAIR REQUEST FORMS

#### **Pre-Trip & Post-Trip Inspection Procedures**

- 1. Walk around vehicle to inspect body, windows and mirrors for damage. Check for dents and cracks, rust streaks and shiny spots (indicating a missing part). Make sure that vehicle is not leaning (lean indicates suspension problems), and that license plates are secured in place. Check all lights to make sure casings are intact.
- 2. Check the ground under the vehicle for evidence of leaks. Check undercarriage for loose parts.
- 3. Check the condition of all tires, looking for cracks, bubbles and nicks. Check tire tread and air pressure. Correct pressure is noted on the sidewall of the tire. Check tires from front and rear to make sure they are not warped, Check lug nuts to be sure they are present and not loose.
- 4. Open hood and check battery for corrosion on the terminals and to make sure connections are tight.
- 5. Check belts for tightness. They should not have more than 1/2 inch of slack when pushed in middle. Check for cracks and wear. Also check all hoses for cracks and make sure that all hoses are flexible. If a hose has a crack, report it immediately and, if possible, use a different vehicle.
- 6. Check fluid levels—oil, coolant, power steering and windshield washers. Fill as needed and record amount used.

- 7. Check transmission fluid level. Make sure vehicle is on level ground to check. Record any fluid added. Close hood.
- 8. LIFT EQUIPPED VEHICLES: Cycle the lift, to make sure it runs smoothly throughout the cycle. Check for leaks and cracked hoses. Make sure wheelchair securements are ready for use. Check barriers to assure they are anchored in place.
- 9. RAMP EQUIPPED VEHICLES: Cycle the ramp. Make sure wheelchair securements are ready for use. Make sure ramp stows properly.
- 10. Set parking brake, then release to make sure it is operating properly.
- 11. Turn on headlights and 4-way flashers. Check the dash lights, gauges, dome lights and other interior lights for operation. Check low and high beam on headlights. Walk around vehicle to check lights for operation. If possible, have someone observe while you check turn signals, brake lights and back-up lights and alarm. Test horn and windshield wipers and washers.
- 12. Check inside of vehicle for loose objects and remove if found. Make sure seatbelts, etc., are functioning.
- 13. Make sure you have necessary documents and items for service (registration papers and insurance card in vehicle) gas card and log book for driver.
- 14. Refuel vehicle if gauge shows less than 1/4 tank.
- 15. Turn in pre-trip inspection forms to office on a regular basis, no less frequently than weekly.

C=FLAT CHARGE

#### THE UTICA NATIONAL INSURANCE GROUP THANKS YOU FOR YOUR BUSINESS

These I.D. cards provide written proof that you carry the necessary automobile liability coverage required under state law for the vehicle(s) described. The information also may be used to register your vehicle or replace its license plates. The cards are valid until your current liability insurance policy expires or is terminated.

Make sure the name on the cards matches the name on your motor vehicle registration. If the cards contain the name of anyone other than the vehicle registrant, please contact us so we can re-issue them with the correct name. If you lose the card, contact your insurance company or agent for a replacement,

Keep one in the glove compartment of the car listed on the I.D. card. You may be asked to present this card if you are involved in an accident, stopped by a law enforcement official for a road check or moving traffic violation, or asked to appear before a judge or hearing officer.

Keep the other card in a safe place, perhaps at home with your other important papers. You'll need it to verify insurance coverage when you register your vehicle with the State. Make sure the insurance company code number on both cards matches the one on your registration form. If you are registering or re-registering a vehicle, check with your state motor vehicle department to determine whether you need to submit one of the LD, cards with your vehicle registration form

Please remove cards along perforation and cut along dotted lines.

Keep Insurance affordable and the highway safe -

- · Don't drink and drive!
- Obey the speed limit!
- Buckle upl

A reminder from the companies of the Utica National Insurance Group.

Remember Utica National for all your insurance needs:

- Home
- Renters
- Business
- Life
- Umbrella

We're proud to be represented by your local, independent agent.

#### Vehicle Repair Request

This form is designed to help drivers and dispatchers request repairs. This includes defects found on daily inspections and complaints reported to the dispatcher/manager during service. Also, use this form to report upcoming service intervals as noted either on the dispatch board or on the vehicle service sticker. Service intervals are to be noted 3 days before anticipated date.

Never operate vehicles with compromised safety equipment. Some other defects can be scheduled for future repair.

RE: Raze order at 399 Lafayette Street

#### BACKGROUND:

Earlier this summer I spoke with the property owner and he stated he planned on razing the building. Since the conversation, nothing has been done with the property. The property has been vacant since at least 2012. July 13<sup>th</sup> the building inspector conducted an inspection on the property and found many issues the property and requested to place a raze order for 399 Lafayette Street. Attached is the inspection report and pictures.

#### RECOMMENDATION:

To place a raze order for 399 Lafayette Street
