Review RLF Manual

Background:

As of January 31, 2021 the City completed the CDBG CLOSED program that included the buyout of the business RLF program. Once the buyout was completed the funds were de-federalized, which allowed the City to utilize the funds however they found fitting. In February the Common Council approved to continue utilizing the repayment funds to capitalize the local business RLF program. Due to the funds becoming de-federalized; the City is not required to follow the federal regulations that were previously required. One of the major restrictions was the job creation of low to moderate income (LMI) individuals for the loan. I have removed all of the requirements for the job creation for LMI individuals. Attached is the existing manual with recommended changes.

Community Development Block Grant (CDBG) funds are received from the U.S. Department of Housing and Urban Development. The Department of Administration (DOA) is the recipient and contracts with the Wisconsin Economic Development Corporation to manage activities associated with economic development. These economic development funds are used to provide grants to local units of government that uses the funds to loan to a business. The City of Berlin participated in the Community Development Block Grant (CDBG) CLOSE program to buy out all outstanding loans in 2021. On February 9th, 2021 the Common Council approve to continue to utilize the business RLF repayments to assist business development and growth in the City of Berlin through RLF with Berlin Community Development Corporation as the reviewing and oversight body and final approval required by Common Council. The business, in return for use of the public funds, provides private investment towards the assisted activity and most importantly creates job opportunities. principally for the benefit of low and moderate persons.

When a business repays the community the loan (principal and interest payments), these funds are classified as program income and used to capitalize a local revolving loan fund (RLF). With the RLF, the community can make additional loans to businesses wishing to expand or locate in the community. When successfully administered, the community's revolving loan fund can expand the amount in its RLF to an amount in excess of the original amount it was able to retain. This happens when the community exercise due diligence by performing a thorough credit analysis to determine business viability and adequately securing and servicing the loan. In administering a RLF, a Community becomes a "Bank" and accepts all of the responsibilities of a commercial lender when it makes a CDBG or RLF loan to a business.

All files should be maintained in a secure place with limited access by authorized personnel. The City of Berlin Attorney shall be consulted in regard to compliance with state and municipal open records laws.

The following files shall be established and maintained for each loan recipient:

- (1) Loan Application File: This file contains all application, business financial statements, personal financial statements, credit reports, business plan documents, and other supporting loan information submitted to the Administrator, including all applicable correspondence.
- (2) Loan Recommendation File: This file should contain a summary of the analysis, recommended actions for the application, and a copy of the minutes for the Administrator board meeting(s) summarizing the action taken on the loan request.

The City Attorney should be involved in helping create and complete this file to insure complete loan documentation. Copies of the loan closing documents and an amortization schedule will be provided to the loan recipient, along with an invoice, if applicable, for loan closing and servicing fees.
- (4) "Tickler File" System: A tickler file system should be established and maintained to ensure that loan repayments, financial information, the loan agreement, UCC updates, and other time sensitive documentation requirements are tracked and obtained as required. The system should include the following monthly coded index files:

- (a) Expiration dates for property, casualty and life insurance policies;
- (b) Due dates for all financial statements;
- (c) Expiration dates for UCC financing statements, the reminder to update being at least 45 days prior to the expiration of the UCC filing on hand;
- (d) Scheduled dates of annual loan performance and covenant reviews;
- (e) Dates for site visits;
- (f) Due dates for property tax payments and dates by which the City expects to hear from the borrower regarding confirmation of payment of taxes;
- (g) Review dates for job monitoring; and
- (h) Dates on which loan recipients will be notified of scheduled changes in the loan amortization scheduled per loan agreements.
- (5) Financial Statement File: This file should contain the loan recipient's periodic financial statements as required by the loan covenants with a statement indicating that the Administrator reviewed the data.
- (6) Progress Report File: Loan recipients should be required to submit periodic progress reports during the outstanding term of the loan. The Administrator (or administrative appointee) should make periodic site visits to verify information in the progress report and financial statements. These site visits should be documented for the file.
- (7) Site Visit File. Site visits should be conducted periodically to each loan recipient, the scheduling of which depends on the nature of the project. A summary of the site visits should be placed in the file, particularly highlighting any information that can help in rating the overall condition/risk of the loan.
- (8) Repayment Monitoring File: This file should include the loan amortization schedule, status of payments, and the outstanding balance of the loan. Observations suggesting concerns or problems should be reported to the Administrator board, and notations shall be placed in the tickler file to remind the Administrator of the need to provide continued monitoring. If payments are made to an office (i.e. controller's or clerk's), there needs to be in the file receipts of payments and there needs to be a system in place to insure the timely notification of payments to the Administrator. The Administrator (or administrative appointee) shall notify the loan recipient in writing of any deficiency (such as a missed payment), and the action that needs to be taken to correct the deficiency. Should there be a late payment, the Administrator (or administrative appointee) shall contact the loan recipient to determine the reason for the delayed payment. Contact may need to be made with other participating lender(s) to determine if their loans are current and to alert the lender of a potential problem. All payments shall be applied first to accrued late payment penalties, then to interest accrued, and then to principal.
- (9) Loan Review File: All loans are to be reviewed on an annual basis, and at such other times as may be deemed necessary by the Administrator or the City. The review should follow receipt of the fiscal year-end financial statements, the year-end progress reports, and site visits. A report on the loan review shall be in the file and address the following: timeliness of monthly payments; condition of collateral securing the loan and status of security documents (i.e. mortgages, UCC filings); overall financial condition of the business; the presence of material liens or lawsuits; and violations of loan covenants and suggested corrective actions.

If the loan recipient is experiencing problems with any of the above criteria, the Administrator (or administrative appointee) is to work with the loan recipient to identify actions that are needed to correct the identified deficiencies, including possible restructuring of the loan to protect the City's interest and meet the needs of the

loan recipient. If appropriate, the Administrator shall arrange for business assistance, including services available through the University of Wisconsin-Extension, Small Business Development Center (SBDC), the Service Corp of Retired Executives (SCORE), and other entities having an interest in serving the needs of businesses.

In the event the findings of the loan review suggest serious problems, particularly if the loan is at risk for default, the account should be turned over to the City Attorney for legal action in order to initiate steps necessary to protect the loan and to ensure the maximum repayment of the balance due. Again, corrective actions may be achieved through restructuring or if necessary, foreclosure actions.

2.4 ADMINISTRATION

Reasonable administrative funds may be withdrawn from the RLF to cover personnel costs and other administrative expenses. Local funds may be used in situations when loan repayments are insufficient to cover administrative costs. Administrative expenses of up to fifteen (15) percent of program income may be used for direct loan administrative costs. In addition to paying costs for the City's or Administrator's administrative personnel, these funds may be used for the following:

- (1) Legal costs.
- (2) Consulting fees for credit analysis, business plan reviews and technical assistance.
- (3) Office supplies, copying, typing, mailing, and related.
- (4) Training costs.

To generate additional revenue to cover administrative costs, if necessary, the City may also establish loan origination fees, closing fees, servicing fees, and other fees to cover charges directly related to either processing an application or servicing a loan.
