RE: 2020 Audit

BACKGROUND: Kevin Behnke, our lead auditor from Hawkins Ash, will present the 2020 audit results to the committee. Kevin will give you a brief presentation of the audit highlights and answer any questions you may have. The audit process went well, and we have again received an unqualified, clean opinion on our books, which is the highest opinion that can be achieved in an audit. Overall, the city finances are stable, general fund balance is in a good position, and all departments did a good job holding down expenses.

Attached is an audit summary prepared by the auditors. If you would like to review the entire detailed audit, please feel free to contact me. If you have specific or detailed questions, please feel free to contact me prior to the meeting. Depending on your questions, I may need to do some research to get you the answer.

<u>RECOMMENDATION:</u> Listen to presentation by Hawkins Ash on 2020 audit and accept and place 2020 audit on file.

INDEPENDENT AUDITORS' REPORT

To the City Council City of Berlin, Wisconsin

The accompanying summary financial statements of the City of Berlin, Wisconsin, as of and for the years ended December 31, 2020 and 2019, as listed in the table of contents, are derived from the audited financial statements of governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Berlin, Wisconsin, as of and for the years ended December 31, 2020 and 2019, and the related notes, which collectively comprise the City's basic financial statements. We expressed an unmodified audit opinion on those audited financial statements in our reports dated April 14, 2021 and May 6, 2020. The audited financial statements, and the summary financial statements derived therefrom, do not reflect the effects of events, if any, which occurred subsequent to the date of our report on the audited financial statements.

The summary financial statements do not contain all the disclosures required by accounting principles generally accepted in the United States of America. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of the City of Berlin, Wisconsin.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements on the same basis of accounting as the fund financial statements of the audited financial statements.

Auditors' Responsibility

Our responsibility is to express an opinion about whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with auditing standards generally accepted in the United States of America. The procedures consisted principally of comparing the summary financial statements with the related information in the audited financial statements from which the summary financial statements have been derived, and evaluating whether the summary financial statements are prepared in accordance with the basis described above.

Opinion

In our opinion, the summary financial statements of City of Berlin, Wisconsin, as of and for the years ended December 31, 2020 and 2019 referred to above are consistent, in all material respects, with the audited financial statements from which they have been derived, on the basis described above.

Re: Farmers Market 2021

The Berlin Farmers & Artists Market Inc. would like to request the street closure of North Church St on the following dates- Every Tuesday June 1st - September 28th, 2021. Residents on North Church St will still be able to access their driveways except on the major special events- June 1st, June 15th, June 29th & August 10th where more of the street would be used.

The BFAM would take on the responsibility of placing the barricades in the road before the market and removing them that night after the market.

The BFAM is requesting that we return to as normal as possible this season. We feel with our large park, we're able to still have the Market safely, following any Covid guidelines that would currently be in place. Our vendors would still be spaced out appropriately (following the guidelines at that time), and whatever other guidelines that are in place during the market. We successfully had the market last year, even with all the guidelines in place, with no complaints. We will continue to have hand sanitizer stations spread out throughout the park, as well as hand sanitizer in the portapotty. The portapotty is cleaned by the company providing it weekly on Mondays, so it is fresh and clean for the market on Tuesdays. One of our market board members also cleans it at the end of Tuesday Night. We plan to have the portapotty unlocked all season with signage stating to "use at your own risk as it is not cleaned daily, and to please use hand sanitizer provided". Also- depending on where guidelines are at the time of the market- we'll have some laminated signage posted throughout the park that refers to what those are (i.e. social distancing requirements, etc.).

Garbage and recycling receptacles will be provided by the city and emptied by the city. We could use more sets this year, as last year they were over flowing by the end of the night. We'd rather see garbage in the bins, rather than on the ground!

We'd also like to see the park benches and tables return. Last year we didn't have the benches for seating, but feel that we could safely bring them back with proper spacing. As we've witnessed last year, those who would be using the benches and tables are families who already live together. We have a large enough park that we can space these out throughout the park safely! Again, hand sanitizer will be available throughout the park as well.

After a very strict market season last year, and a year of knowledge we've gained about the Covid virus, we feel that we can safely bring the market back again this year for the Berlin Community! Thank you for working with the BFAM to iron out the details with us, and being so accommodating. With lots of planning from the BFAM committee we are excited for another 18 weeks of the market this summer!

Emergency Detentions and safety plans related to persons that posed a threat to themselves fell slightly in April. There was a slight decrease in theft investigations as well.
