Limits: WIS 49 South to Berlin City Limits
Highway: City of Berlin, Huron Street
County: Green Lake

Please join us for the second Public Involvement Meeting to discuss pavement and curb ramp improvements on WIS 91 from WIS 49 South to the Berlin City Limits in Berlin, in Green Lake County.

The meeting is scheduled for Monday, September 28, 2026, starting at 5:00 pm at the City of Berlin Council Chambers, 108 N. Capron Street, Berlin, WI 54923. A brief presentation is scheduled to begin at 5:15 pm. The remainder of the meeting will follow an open house format.

Materials (exhibits, handout, comment form) are posted on the project website at:

<https://projects.hub.wisconsindot.gov/pages/65400103>

The objective of the meeting is to provide an update on the proposed improvements and traffic management strategies during construction. The improvement project is currently scheduled to be constructed in 2029.

The project will address pavement and curb ramp deficiencies on WIS 91.

- The existing pavement is showing signs of deterioration.
- Some existing curb ramps do not meet current Americans with Disabilities Act (ADA) standards.

Proposed improvements include:

- Replacing the pavement on WIS 91 with asphalt pavement.
- Upgrading existing curb ramps to meet current ADA standards.
- Updating pavement markings and on-street parking.

WIS 91 will be closed and detoured throughout construction. Traffic will be delayed due to the detour route of WIS 91. Traffic will be detoured via WIS 49-WIS 21-WIS 116 for regional traffic. It is anticipated that local traffic will take advantage of local alternate routes that will minimize the delay. Access to residences and businesses will be maintained.

Temporary easements will be required to accommodate the curb ramp upgrades.

Your comments assist us in developing a project that will serve the needs of the traveling public, as well as the needs of the local community. Your input is welcome and appreciated throughout the design process so please share your input by **October 19, 2026**.

We look forward to working with you on this important transportation investment. Deaf, hard-of-hearing, deaf-blind, and speech-disabled persons should contact the Wisconsin Relay Service by dialing 711. To allow time to arrange for accommodations needed to participate, please contact me no later than three working days prior to the meeting.

If you have any questions, or if you cannot attend the meeting, but would like to find out more about the project, please contact me at (715) 421-8098 or Michael.Jelinek@dot.wi.gov.

Sincerely,

Michael Jelinek
Project Leader
